SYMPOSIUM 2019
Epigenetic Inheritance: Impact for Biology and Society
26-28 August 2019, ETH Zürich, Switzerland

CONFIRMED SPEAKERS

Patrick Allard  University of California, Los Angeles, US
Tracie Baker  Wayne State University, Detroit, US
Ramji Bhandari  University of North Carolina, Greensboro, US
Romain Barres  University of Copenhagen, DK
Qi Chen  University of California, Riverside, US
Victor Corces  Emory University, Atlanta, US
Lucia Daxinger  Leiden University Medical Center, NL
Jill Escher  Escher Fund for Autism, US
Larry Feig  Tufts University, Boston, US
Anne Ferguson-Smith  University of Cambridge, GB
Ali Jawaid  University and ETH Zurich, CH
Alexander Meissner  MPI for Molecular Genetics, Berlin, DE
Gerlinde Metz  University of Lethbridge, CA

Michael Penkler  Munich Center for Technology in Society, DE
Antoine Peters  Friedrich Miescher Institute, Basel, CH
J. Andrew Pospisilik  Van Andel Institute, Grand Rapids, US
Mark Robinson  University of Zurich, CH
Rose Schrott  Duke University, Durham, US
Julia Schröder  Imperial College London, GB
Upasna Sharma  University of California, Santa Cruz, US
Michael Skinner  Washington State University, Pullman, US
Corrado Spadafora  Italian National Research Council, Rome, IT
Azim Surani  University of Cambridge, GB

Organised by Isabelle Mansuy, University and ETH Zürich, Switzerland mansuy@hifo.uzh.ch

Registration until July 31, 2019 at www.epigenetic-inheritance-zurich.ethz.ch
